## Continued: Sending a message to FileShare using AccuRoute Desktop

the original document. The resulting file is stored with the original file name.

Click **Yes** when the following message appears to merge the documents or click **No** to return to the **FileShare** screen.

FileShare	× N			
	\\VMJKAR21NEW\FileShare\ProductMemorandum.pdf already exists. Do you want to replace it?			
	Yes No			

After the message is sent, any attachments on this message will be merged with the original document, resulting in one document stored in FileShare.

This option is only available when you select **PDF** (image) or **PDF** (image+OCR text) as your document format.

Click Save. A FileShare destination appears in the message.

8 Do any of the following:

**Send the message immediately** - Click **Send** on the toolbar. A message box indicates that your message has been sent to the server. (Your message must have at least one attachment.)

Save the message as an Embedded Directive - Click Save ED on the toolbar, type a title for the Embedded Directive, and click Save.

Print a Routing Sheet that can be scanned with hard copy documents - Save the message as an Embedded Directive. Then click **Print RS** on the toolbar. AccuRoute Desktop creates a Routing Sheet containing the Embedded Directive and displays it as a PDF file on your desktop. Print the Routing Sheet and include it as the first or last page of the hard copy document. Take the document to a network scanner and scan it using the instructions provided by your network administrator. (Your message can include both electronic and hard copy documents.)
